WIRE & CABLE**

■ Siamese Coaxial Cables

General Cable now offers **Carol[®] Brand Siamese Coaxial Cables**—available with either dual coaxial cables or coaxial cable with a twisted pair and also in a plenum-rated design for installation in a drop ceiling or a raised floor. These cables are easier to install than standard coaxial cables and are ideal for dual Direct Broadcast System (DBS) applications where one dish is used to serve two receivers. They are also critical for satellite hookup where a powered-pair cable is desired.

Other applications for these coaxial cables include sound and security surveillance cameras where the coaxial cable transmits the audio/video signal and the twisted pair is used to control the pan and tilt function of the closed-circuit television (CCTV) camera. In today's uncertain world, security installations are occurring at a double-digit growth rate. Security cameras are being installed in virtually every office, school, and government facility, on highways and in traffic control centers and in most industrial, commercial, and manufacturing facilities. Wherever security cameras are installed, General Cable has the right cable to make the connection—reliably.

When you have a need for coaxial cables, think of Carol Brand Cables first. Remember, you can always Demand Better and Expect More with General Cable Carol Brand Electronic Cables. We manufacture over 1,300 standard electronic cables that we can ship direct from stock, and we have the technical staff and design expertise to meet any custom cable requirement.

Product Construction:

Conductors:

- Copper per ASTM B-3 or Copper clad steel per ASTM B-869

Insulation/Core:

- Cellular polyethylene, FEP, or Halar

Shield:

- Bare copper or tinned copper or Aluminum braid
- Flexfoil® shield available

Jacket:

- Premium PVC or Plenum PVC

Packaging:

- 1000' (305 m) Reels
- Other put-ups available – consult Customer Service

Applications:

- Suitable for RF signal transmission
- CATV
- DBS
- Drop cable
- Digital video

Компания «Life Electronics» занимается поставками электронных компонентов импортного и отечественного производства от производителей и со складов крупных дистрибьюторов Европы, Америки и Азии.

С конца 2013 года компания активно расширяет линейку поставок компонентов по направлению коаксиальный кабель, кварцевые генераторы и конденсаторы (керамические, пленочные, электролитические), за счёт заключения дистрибьюторских договоров

Мы предлагаем:

- Конкурентоспособные цены и скидки постоянным клиентам.
- Специальные условия для постоянных клиентов.
- Подбор аналогов.
- Поставку компонентов в любых объемах, удовлетворяющих вашим потребностям.
- Приемлемые сроки поставки, возможна ускоренная поставка.
- Доставку товара в любую точку России и стран СНГ.
- Комплексную поставку.
- Работу по проектам и поставку образцов.
- Формирование склада под заказчика.
- Сертификаты соответствия на поставляемую продукцию (по желанию клиента).
- Тестирование поставляемой продукции.
- Поставку компонентов, требующих военную и космическую приемку.
- Входной контроль качества.
- Наличие сертификата ISO.

В составе нашей компании организован Конструкторский отдел, призванный помогать разработчикам, и инженерам.

Конструкторский отдел помогает осуществить:

- Регистрацию проекта у производителя компонентов.
- Техническую поддержку проекта.
- Защиту от снятия компонента с производства.
- Оценку стоимости проекта по компонентам.
- Изготовление тестовой платы монтаж и пусконаладочные работы.
