HOW TO ORDER LEGENDS FOR PADDLE SWITCH COVERS

When specifying legended paddle switch covers, submit a legend order sheet to cover each catalog listing. These forms identify the maximum number of lines per area and the maximum characters per line, based on the type size you request.

To insure proper legend orientation, paddle switch housings (when viewed from the panel front) should have the "MICRO SWITCH" identification facing UP or to the LEFT.

Legend order sheets for covers are shown on the following pages. Reproduce them on your office copier or request a pad of them from the 800 number.:

Legend Sheet	Form No.
AML53 Covers	FO-63567
AML55 Covers	FO-63565

AML55-E, -T, and -H covers have an open window which allows LED's to be flush with the cover surface.

* Notes:

¹ Only one color code letter is necessary for AML55-E 1/2 covers.

² To order a 1/2-cover without the LED "window," specify an AML53-E listing from the previous page.

Example: **AML55-T10YR**

Two-piece cover; with LED window in one side, transmitted color, no legend; yellow (LED side) and red (non-LED side).
