

# ULTRAVOLT C SERIES

## HIGH VOLTAGE CAP-CHARGING SUPPLIES

The UltraVolt® C series of high voltage regulated DC-to-DC converters are designed for fast rise time/charging applications utilizing state-of-the-art power conversion topology. This high power density module is especially suited to high-energy pulsers, amplifiers, and discharge devices with large capacitance, fast repetition rates, or high current loads. Surface-mount technology and encapsulation techniques provide high reliability and low cost.

### PRODUCT HIGHLIGHTS

- 7 models from 0 to 125 V through 0 to 6 kV
- 20 or 30 W output power
- Maximum lout capability down to 0 V
- Maximum lout during charge/rise time
- Indefinite output short circuit protection
- Very fast rise with very low overshoot
- Output voltage and current monitors
- > 400,000 h MTBF at 65°C
- Fixed-frequency, low-stored-energy design
- UL/cUL recognized component; CE Mark (LVD and RoHS)

### TYPICAL APPLICATIONS

- Cap-charging
- Pulsed power
- Test equipment
- Mass spectrometry
- Automated test equipment (ATE)
- Lasers and electro-optics
- HV pulse generator bias
- HV amplifier bias

## ELECTRICAL SPECIFICATIONS

| Parameter               | Conditions                          | Models                |       |           |       |           |       |            |        | Units          |

|              | Overall 0.64 mm (±0.025"), pin to pin 0.38 mm (±0.015"), hole to hole location 0.64 mm (±0.025") (metal case)            |

Contact Advanced Energy for drawings of models equipped with -E or -H options.

## INTERFACE

| Connections |                           |
|-------------|---------------------------|
| Pin         | Function                  |
| 1           | Input Power Ground Return |
| 2           | Positive Power Input      |
| 3           | Iout Monitor              |
| 4           | Enable/Disable            |
| 5           | Signal Ground Return      |
| 6           | Remote Adjust Input       |
| 7           | +5 VDC Reference Output   |
| 8           | HV Ground Return          |
| 9           | Eout Monitor              |
| 10 and 11   | HV Output                 |

All grounds joined internally. Power supply mounting points isolated from internal grounds by  $> 100 \text{ k}\Omega$ ,  $0.01 \text{ }\mu\text{F}/50 \text{ V}$  (max) on all models except -M, -M-C, -M-E, and -M-H configurations which are  $0 \text{ }\Omega$ .

## ABOUT ADVANCED ENERGY

Since 1981, UltraVolt® — now part of the Advanced Energy (AE) family — has perfected how power performs for its customers. For both end users and OEMs, AE's comprehensive portfolio of standard and custom high voltage components precisely match system specifications to deliver unparalleled energy, quality, and performance. Through close customer collaboration, design expertise, application insight, and world-class support, AE creates successful partnerships and enables customers to push the boundaries of innovation and stay ahead of evolving market needs.

PRECISION | POWER | PERFORMANCE

**CAUTION:**  
High Voltage

Read and understand all documentation before you install, operate, or maintain Advanced Energy high voltage power supplies. Follow all safety instructions and precautions to protect against property damage and serious or possibly fatal bodily injury. Never defeat safety interlocks or grounds.

Specifications are subject to change without notice. Not responsible for errors or omissions. ©2018 Advanced Energy Industries, Inc. All rights reserved. Advanced Energy®, AE®, and UltraVolt® are U.S. trademarks of Advanced Energy Industries, Inc.

ENG-HV-CSeries-231-B 6.18

Компания «Life Electronics» занимается поставками электронных компонентов импортного и отечественного производства от производителей и со складов крупных дистрибьюторов Европы, Америки и Азии.

С конца 2013 года компания активно расширяет линейку поставок компонентов по направлению коаксиальный кабель, кварцевые генераторы и конденсаторы (керамические, пленочные, электролитические), за счёт заключения дистрибьюторских договоров

Мы предлагаем:

- Конкурентоспособные цены и скидки постоянным клиентам.
- Специальные условия для постоянных клиентов.
- Подбор аналогов.
- Поставку компонентов в любых объемах, удовлетворяющих вашим потребностям.
- Приемлемые сроки поставки, возможна ускоренная поставка.
- Доставку товара в любую точку России и стран СНГ.
- Комплексную поставку.
- Работу по проектам и поставку образцов.
- Формирование склада под заказчика.
- Сертификаты соответствия на поставляемую продукцию (по желанию клиента).
- Тестирование поставляемой продукции.
- Поставку компонентов, требующих военную и космическую приемку.
- Входной контроль качества.
- Наличие сертификата ISO.

В составе нашей компании организован Конструкторский отдел, призванный помогать разработчикам, и инженерам.

Конструкторский отдел помогает осуществить:

- Регистрацию проекта у производителя компонентов.
- Техническую поддержку проекта.
- Защиту от снятия компонента с производства.
- Оценку стоимости проекта по компонентам.
- Изготовление тестовой платы монтаж и пусконаладочные работы.
