4. Connect the Micro-USB cable from the PC to the MAXREFDES79# as shown in [Figure 4](#).

Figure 4. Connect the Micro-USB cable from underneath the MAXREFDES79# and then connect it to the PC.

5. Ensure that switch SW1 is in the “Down” or “In” position as shown in [Figure 5](#).

Figure 5. Verify the SW1 position and connect the AC-to-DC 24V DC power converter.

6. Connect the AC-to-DC 24V DC power converter as shown in [Figure 5](#).
7. Connect the MAXREFDES27# to Port 1 of the MAXREFDES79# IO-Link master. Port 1 is the top M12 female connector on the LED side of the IO-Link master.

8. Open Windows **Device Manager** and verify the connected COM port number connected as **STMicroelectronics Virtual COM Port (COMx)** shown in [Figure 6](#).

Figure 6. Verify COM port connected as “STMicroelectronics Virtual COM Port (COMx).” It may be a different COM port number on your PC.

9. Run the **TEConcept CT** software as shown in [Figure 7](#). Press the **connection settings** icon, which is a gray gear. (COM port may be different on your PC.) Press the **Connect** button and it will show a flashing green COM connection label at the bottom of the GUI once connected.

12. Read and write to parameters by selecting a parameter in the **Parameters** box and then use the **Read** button to read the parameter. The value gets displayed in the **Value** field circled in [Figure 11](#). Also, when writing to a parameter, first edit the value in the **Value** field using the mouse/keyboard and then press the **Write** button. Verify by pressing the **Read** button. See [Figure 11](#).

4. Software License Keys

The **TEConcept** IO-Link master stack ships with a finite time license displayed by the **TEConcept CT** software. The MAXREFDES79# ships with more than 9000 minutes of use time. When the time in the **Remained time** field goes to 0 minutes, the Master switches off all the IO-Link ports and shows the error message: **LICENSEFAULT**.

A new infinite time license can be easily purchased from TEConcept GmbH for less than a quarter of the price of the MAXREFDES79# by providing them a valid **Hardware ID** and **Key number**. Press the **Export hardware ID** button located in the **License key management** window. Provide the **hardwareID.txt** file when requesting the infinite time license from TEConcept GmbH.
